MFG Beamer Theme

Yuta Teshima

2024/10/14

What is this?

This theme is a template for creating presentations using LaTeX Beamer. It is designed to simulate the PPT templates of the Sugita Laboratory at the University of Tokyo. It is also designed to be consistent with the visual identity of the University of Tokyo.

This theme are distributed under the GNU Public License. The latest version is available at [. See the file LICENSE for more details.](#)
